EVO CURTAIN SYSTEMS

EVO tracking system reduces energy requirements for heating and cooling, By using EVO you will be helping the environment.

John Eussen

THE QUIET EVOLUTION IN CURTAIN TRACKS

The EVO curtain track system is a revolution in curtain hanging. Simple, stylish and easy to use it is everything you want to enhance your home keeping it warm and looking great.

THE NEW APPROACH TO WINDOW FURNISHING

- The great new heading system that allows your curtains to stack back far better than ever before
- Decorator curtain rods now with return ends allowing your curtains to return back to the wall for neatness and energy efficiency
- Optional Pel-Mate fits neatly into the top of EVO Decor rod creating more energy savings for you home
- The total energy efficient curtain system designed and manufactured in Australia

A MODERN - CLASSIC

Simple clean lines complements both modern and traditional decor.

B CORNER MITRES

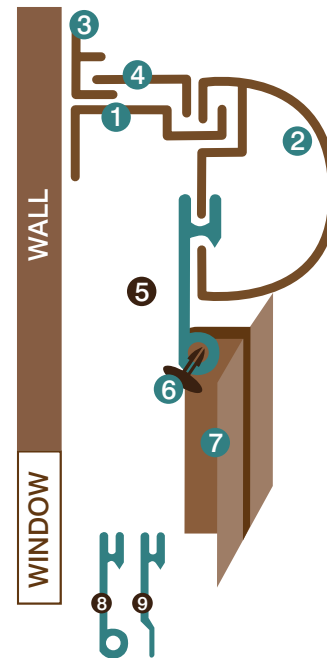

Convenient corner mitre joins seal side gaps whilst optional Pel-Mate capping prevents heat loss out the top.

C COMPACT STACKING

Stacks up tighter than any other track and curtain system.

EVO MANY POSSIBILITIES

Strength, elegance and simplicity. One bracket for many installation purposes. The support bracket simply clips into the top section of the deco rod or track section. The same bracket can be rotated to support the end of the EVO track making installation so simple.

- 1 Bracket fixes to wall.
- 2 EVO deco rod simply clips into supporting bracket.
- 3 Pel-Mate back support.
- 4 Pel-Mate slides into groove in back of the EVO deco rod or track and sits neatly above brackets providing excellent heat retention in room.
- 5 EVO Sliders simply clip into the back of the Deco rod or track allowing the curtain to glide freely with perfect balance.
- 6/7 EVO button allows curtain to be attached in a manner that allows the curtain to stack more efficiently than ever before.
- 8/9 There are two types of sliders. The EVO slider for EVO heading or conventional slider for use with traditional curtain headings.
